Our Company

Quality Policy

It is the company's policy to establish and maintain an effective and efficient Quality Management System, which provides discipline and planned approach to all activities, thus influencing the quality of the company's work. Determination of conformance of work to regulatory and contractual requirements is verified on the basis of objective evidence of quality.

Objective

The aim of the company is to ensure that all internal practices and arrangements are suitable for the purpose of ensuring the satisfaction of our requirements. Maximum effort therefore, is directed towards the provision of satisfactory installations and services at the first attempt, whilst ensuring that when problems do arise they are solved not only in a timely, but also a professional manner.

Workplace Health & Safety

For the workplace Health and Safety Policy to demonstrate Golden Fence Mechanical Complex commitment to providing safe and healthy working conditions for employees, contractors and anyone who come into contact with our workplace activities. Golden Fence ensures regular review and sign-off of the workplace health and safety policy, ensuring it is compliant with the relevant sections of the workplace health and safety act, workplace health and safety regulation and electrical safety act.
